VAL MARIE SCHOOL
VAL MARIE, SASK
1977-1978

Dedication

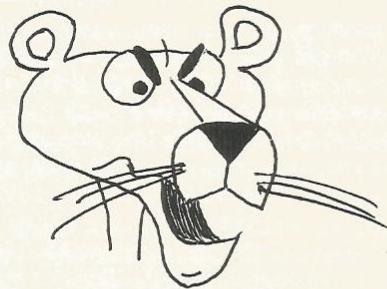

We dedicate our '77-'78 Val Marie School Yearbook to Mrs. Noella Lemire and Mrs. Noella Park.

Mrs. Lemire took up to Grade Ten in her hometown of Ferland. She completed her high school in Val Marie where she boarded at the convent. Mrs. Lemire took her Teachers' Training in Rigaud, Quebec. Her first two years of teaching took place in Gravelbourg where she taught Grade One. From Gravelbourg she came to Val Marie and she has been teaching here for fifteen years. She has taught over three hundred students during the time she has been here. She has taught Kindergarten, Grade One, Grade Two, and Grade Four.

Mrs. Park went to school here, in Val Marie, from Grade One to Twelve. She took her Teachers' Training in Nicolet, Quebec, and she has been teaching here for thirteen years. She has taught over two hundred and sixty students. She has taught Kindergarten, Grade Two and Grade Three.

In the school year 1973-1974, Mrs. Lemire and Mrs. Park, teaching as a team, started the Kindergarten Pilot Project. The first year was a success but they were very busy for they had forty-five children between the ages of five and eight in Grade Two, Grade One, and Kindergarten. During the first year, the teachers recalled that their families had to put up with peanut butter sandwiches, hot dogs, and hamburgers.

These teachers have contributed greatly to the education of many youngsters. We thank them for their dedication to their job and to their students.

Principal's Message

Students:

The date June 30, 1978, marks the end of a high school career for some of you. To those who are leaving Val Marie School, I would like to extend best wishes for happiness and a successful life.

To those who remain to complete their high school education, I would recommend a sustained effort in both academic and non-academic fields. Remember, that you will get out of high school what you put into it. Don't make it a wasted four years.

I hope you enjoy the fellowship of high school to the fullest and find a bountiful measure of success both academically and socially.

Best wishes,

Frank J. Murphy

The Chief

Construction of Val Marie School began in 1958. Four rooms were built and were ready for use by 1959. During the next four years, construction continued. The gym and a couple more rooms were added. These were ready for use by 1963. In 1965, construction began again. The remainder of the school was finished and ready for use by 1966. There are now twelve classrooms, a laboratory, a typing room, a library, a lunchroom, a staff room, various sports rooms, and a large gym with a stage.

We are proud to be able to go to such a fine school.

The banquet was followed by the Exercises. The guest speaker, Mrs. Gaudreau, delivered an intellectual message to the Graduates. The Gr. Nine and Ten Class presented skits for the enjoyment of the audience. Miss Laurie Hayes was the Mistress of Ceremonies. The Grand March was held at 10:30 and the band was Stone Clover.

The Grade Elevens did an excellent job decorating the gym around the theme "Forever Young."

The Graduates enjoyed themselves immensely on their special day.

GRAD 78

The 1978 Graduates were: Mary Ellen Harbor, Doris Bellefeuille, Cindy Schmidt, Dale Latsunus, Paulette Paradis, Gail Kornfeld, Doreen Geiger, Darleen Geiger, Laurie Hayes, and Janice Wickenheiser.

GRADUATION DAY

The day of Grad '78 was bright and sunny. The Graduation ceremonies started with Mass at 4:00 p.m. in the Roman Catholic Church. Reverend Cargo gave an interesting sermon based on our theme "Do You Know Where You Are Going To". Father Lemay and Father Foley performed the remainder of the Mass. Later in the Church basement, graduates and guests were treated to a delicious buffet banquet. Alice Denniel was the Mistress of Ceremonies. At 8:00 p.m., the Exercises commenced in the gym. We were honored to have Mr. Duncan speak as our Guest Speaker. He brought back many memories of our three years as his students. Charles Dumont was the Master of Ceremonies. The English Valedictorian, Darleen Geiger, and the French Valedictorian, Paulette Paradis, wished us good luck in the future and gave many thanks for the contributions from our parents, teachers, and the people of Val Marie. The dance was held in the gym and everyone enjoyed the music of "Midnight Special." Kathy Trottier did a wonderful job singing our theme song during the Grand March at 10:30 p.m. The dance was crowded; a lot of people came out of curiosity to see some of the girls in dresses for the first time. The day turned out well and everyone had a good time.

The Grade Elevens decorated the gym beautifully. Streamers hung from the centre light of the gym out to all four walls. A mural on the back wall depicted a young girl and boy looking out over the sea. The song "Do You Know Where You Are Going To", was also on the back wall. The arch was covered with blue plastic flowers and each graduate's picture was on the front of the arch. On the sides of the stage were silhouettes of a boy and a girl in Graduation attire. The decorations set the mood for the joyous occasion.

- THE PAST AND THE FUTURE -

Doris has been a friend to one and all. She will work for a while before settling down to a married life.

Janice has changed greatly this year - for the better not the worse like most. She is going to Kelsey Institute to get a degree in Laboratory Technology. Doreen made sure we didn't get too serious during our classes. She plans on entering the Labor field.

Darleen was the only one who had her nose in text books as all Grade Twelves should. She would like to find an outdoor-related job.

Dale enjoyed the privilege of being the only man in the class of ten for half the year. He plans to try to find a job and maybe later take a course at the Saskatchewan Technical Institute.

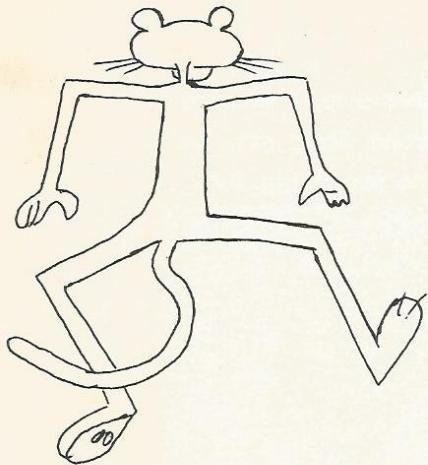

Gail plans to return home every week-end. She believes in the proverb "Out of sight, out of mind," so she's not taking any chances. She is going to take a Commercial Secretarial Course at Saskatchewan Technical Institute.

Everyone thinks Paulette is quiet, but boy we know better! Paulette plans on getting a B.A. at the U. of Sask. and then a B. of Architecture at the U. of B.C.

Mary Ellen has been Doreen's partner in anything and everything. She would like to get a job.

Laurie made sure our classroom never looked too clean. She is going to Robertson's Secretarial School to become a legal secretary. She would later like to take some general University classes.

Cindy kept us well informed in gossip and in the events of "The Edge of Night." She plans to work for a year then perhaps enter the field of Psychiatric Nursing.

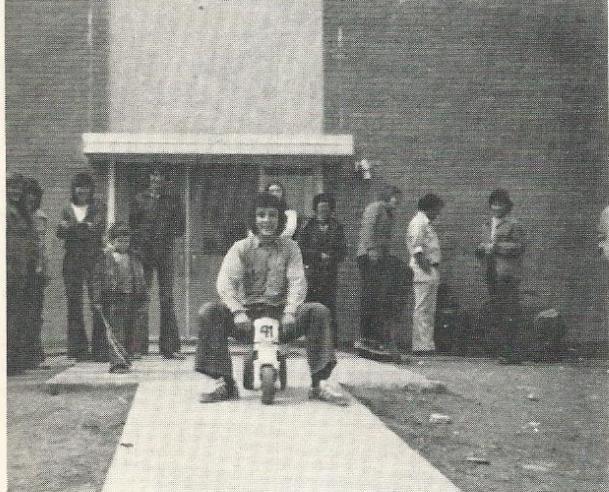

I'm going to leave
you with some -

Class Excursions

Last November, Mr. Leach, our Physical Education teacher, proposed the idea that Grades Eleven and Twelve raise money in order to go on a ski trip during the Easter Break. Both grades enthusiastically took on the task of raising money. We used various methods including: a Walk-a-Thon, a bake sale, cleaning houses, the rinks, Sharpe's store, the Bar, and other household chores, various tickets, a bottle drive and painting the Credit Union floor and the ceiling in Wong's Cafe. On the eve of our trip, March 25, 1978, we had managed to raise three thousand dollars.

We left March 25 and returned April 1. We travelled on a chartered bus. We stopped in Havre and there we learned the art of roller skating. We continued on to Whitefish, Montana. Ervin Carlier and Mr. Leach acted as chaperones.

Our first two days skiing we spent taking lessons. Each day we spent from 10 a.m. to 4 p.m. on the slopes. We skied on the Big Mountain. After the fifth day of skiing, everyone was skiing well and enjoying it immensely. The weather was very warm with the temperature averaging about 20°C. On our final evening, in Whitefish, we dined on steak and lobster and later we danced at a discotheque.

On behalf of the Grades Eleven and Twelve, we would like to express our gratitude for the support that we received from the Val Marie community. Thanks goes to Ervin Carlier for chaperoning. We would especially like to thank Mr. Leach for his encouragement and for all the help he gave us. Without him, the trip would not have been possible.

On June 2-4, 1978, Mr. Palm took his Grade Eight class to Sleeping Buffalo, Montana. They had an enjoyable time swimming in the two heated pools.

On June 9-11, 1978, Mr. Leach and the Grade Nine class went on a wilderness Survival Trip in the Cypress Hills Park. They went on various hikes along the trails and rivers.

On June 9, 1978, Miss Wilson took her Grade Seven class to the Val Marie Dam after school. They had a weiner roast, and they had fun swimming and fishing.

On June 10-11, 1978, Mr. Duncan and the Grade Ten class went to Sleeping Buffalo, Montana. They had fun swimming.

On June 16, 1978, Mrs. Belza took her Grades Five and Six classes to Regina, Sask. They visited the RCMP Barracks, and the Museum of National History.

Lac Pelletier Trip

June 14, 1978

This year we used the money we had left over from our Cypress Trip two years ago, to spend the day at Lac Pelletier. We, the eighty-five students from Grades Seven through Twelve, ravenously ate thirty pounds of weiners, thirty pounds of potatoes, three hundred steaklettes, and six large watermelons. The students entertained themselves in various ways by fishing, swimming, playing ball, making use of the park's recreational "toys". The day was nice and everyone enjoyed themselves.

F is for Friday, September 16, 1977.
r is for the rules we had to obey.

we made.
S is for the super way our Masters
treated us.
h is for the weird hairstyles we had.
i is for our indecent costumes.

at us.

D is for the duties we had to do.
a is for all the fun we had.
y is for the yearning for our chance
to be a master!

Ah! Gee!

Am I really that cute?

They picked me for my numbers--36-24-36!

Grade Nine's are taking a two minute break from the tyrannic rule of their masters, the Grade Twelve's.
